

Do you have Multiple Sclerosis or another demyelinating disease?

Does any blood relative of yours have a demyelinating disease?

We need you to help us in our efforts to find the cure!!

Join us as we develop a large-scale sample and data repository to help researchers identify the causes of:

**Multiple Sclerosis (MS)
Transverse Myelitis (TM)
Acute Disseminated Encephalomyelitis (ADEM)
Neuromyelitis Optica (NMO)
Optic Neuritis (ON)**

>>Institution Name<< is currently recruiting subjects to participate in this clinical study, sponsored by the Accelerated Cure Project for Multiple Sclerosis.

Participants in this study will provide blood samples and vital background information to assist researchers in determining the causes of MS along with other demyelinating diseases.

Participants will receive reimbursement for expenses for taking part in the study and all personal information will be kept confidential.

If you would like to participate in this study or would like to find out more information, please contact
